Introduction

Novelite Project Management Consultancy is a leading Project Management company driven by a robust workforce of Project Managers, Team Leaders, Engineers and other multi-skilled technical resources.

At Novelite, our governing principle is to maintain equality, diversity and integrity, in each one of projects.

We Provide One Stop for Project Management Services

About us

Novelite has earned a lot of reputation since its inception 2013. We believe in discipline and hard work. Our priority is to fulfill client's requirement and provide them with best possible solution with absolute ease and satisfaction.

We strive to provide hassle-free services at an affordable, cost-effective way.

In any construction project, people face a number of complex issues, such as - technology, infrastructure, contractor or vendor selection, quality control, cost control etc.

At Novelite we handle these issues with utmost quality, skill and precision, which leads to on-time delivery within budget.

Why Choose Us?

Why Choose Us?

With happy clients we have successfully completed many applauding projects.

We Are Creative:

As a leader in our industry, we have always worked to develop advanced technology and innovative methods.

Honest & Dependable

Our expert teams are selected specifically for each client, and they are highly trained, using ingenuity to solve problems with creativity.

Commitment for Quality

We let our quality work and commitment to customer satisfaction be our slogan.

Always Improving

We strive to meet the needs of the world today without jeopardizing the needs of the world tomorrow.

Our Approach to Projects

- ❑ We continuously aim to improve the delivery of projects through the incorporation of lesson learned and equipped with strategies in post covid19 crisis and the application of strong systems and process.
- ❑ We design and implement industry leading solutions for multinational companies.
- ❑ At Novelite we use state-of-the- art project management tools and principles to ensure that projects are planned, monitored and delivered in timely manner to maximize client satisfaction.

Project Understanding

Construction is complex, but our formula is simple: we hire the best professionals, understand our clients' needs and objectives, and make a full commitment to each and every project in which we are involved.

No matter how large or small our role is on a project, our goal is to exceed our clients' expectations in every way possible.

Project Understanding Cont.....

← Extended Arm of Client & A Partnership Approach →

Project Life Cycle

Novelite adds value throughout the complete life cycle of a project:

Our Involvement & Area of Expertise

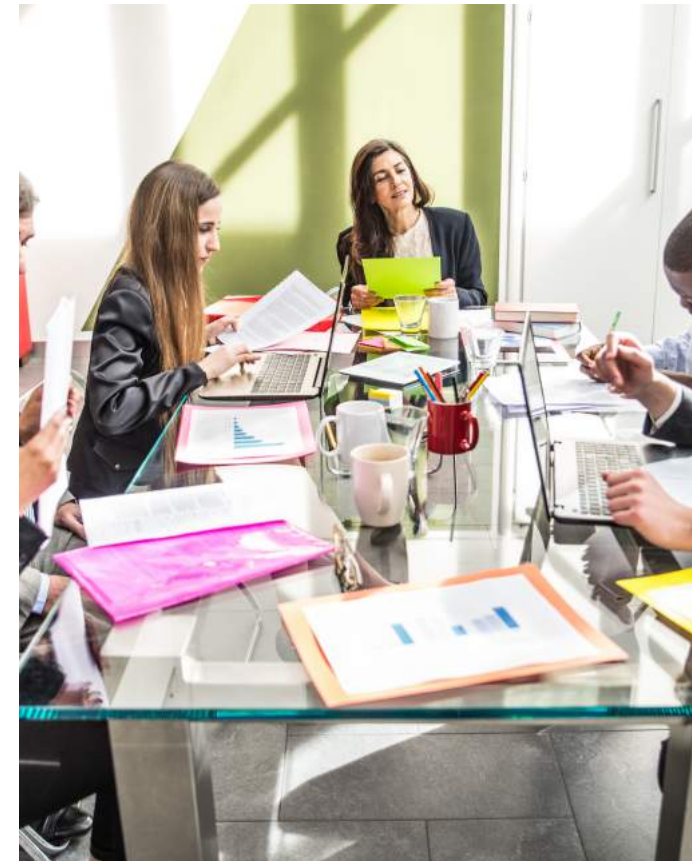

Project Consultancy

We consult for updated technology implementation at clients' site or implementation of new technology according to the clients' requirement.

Our consulting services cover:

- Set out client's objectives and project constraints
- Define Strategic planning process map
- Identify engineering deliverables
- Procurement options- create package contract, specific bid documents
- Re-engineering solutions based on value engineering
- Create suite of programmes
- Planning & controls, audits, best practices etc.

Project Management Services

Beside the execution and Devise / agree migration & occupation strategy; with design and development expertise in diverse platforms, best-of-breed tools and techniques, combined with industry best practices, NOVELITE offers is most effective and efficient when it is involved in Total Project Life Cycle from Conception to Closeout.

Awareness of various Processes involved in Project Management and detail study of multiple constraints of project like Time-Cost-Risk-Scope-Quality-Resource are an integral part of any project management consultancy.

PROJECT MANAGEMENT

Project Management Services

We are establishing project controls procedure, related to High rise building (residential & commercial), Infrastructure including air-port - production management, engineering, procurement (cost module + identify long lead items).

NOVELITE's services span the following application lifecycle stages:

- Document Control Procedure
- Create & Agree Design Deliverables
- Establish Cost Module & Cost Parameters (to be covered in Separate Presentation)
- Procurement Options
- Devise & Agree Migration & Occupation Strategy

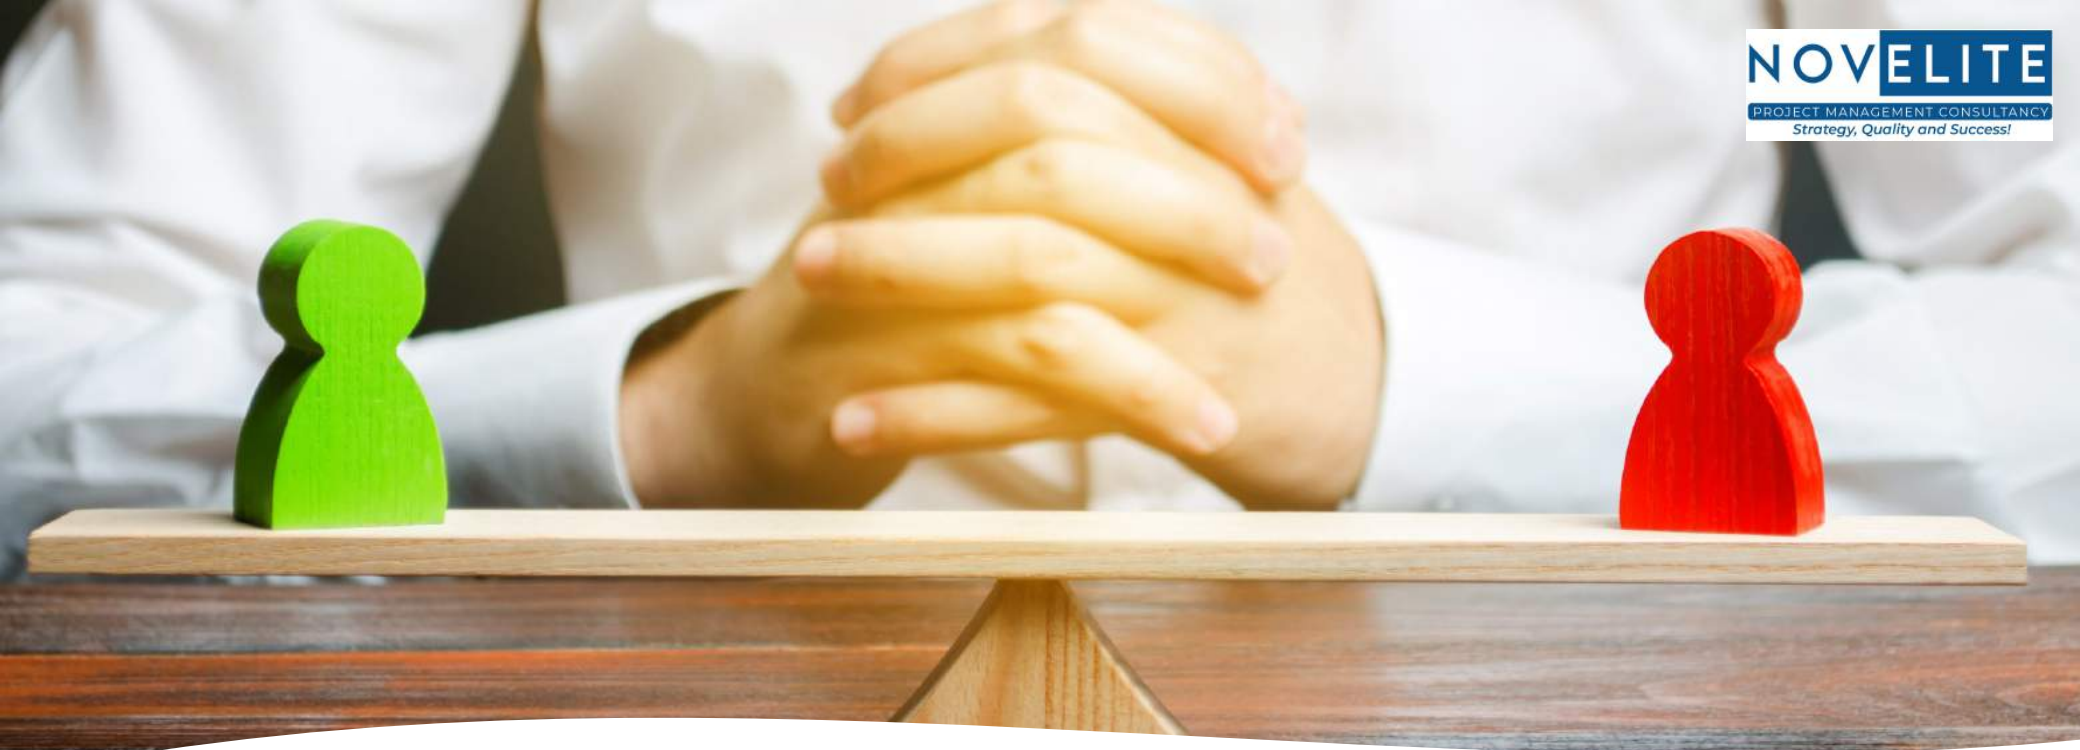

Planning Services

The development of goals, strategies, task lists and schedules required to achieve the objectives of a business. The planning process is a fundamental function of management and should result in the best possible degree of need satisfaction given the resources available.

Our planning services cover:

- Planning packages
- Weekly / monthly reporting system
- Mitigation measures like what-if-analysis and recovery programme.
- Regular meetings with sub-contractor, follow-ups progress.

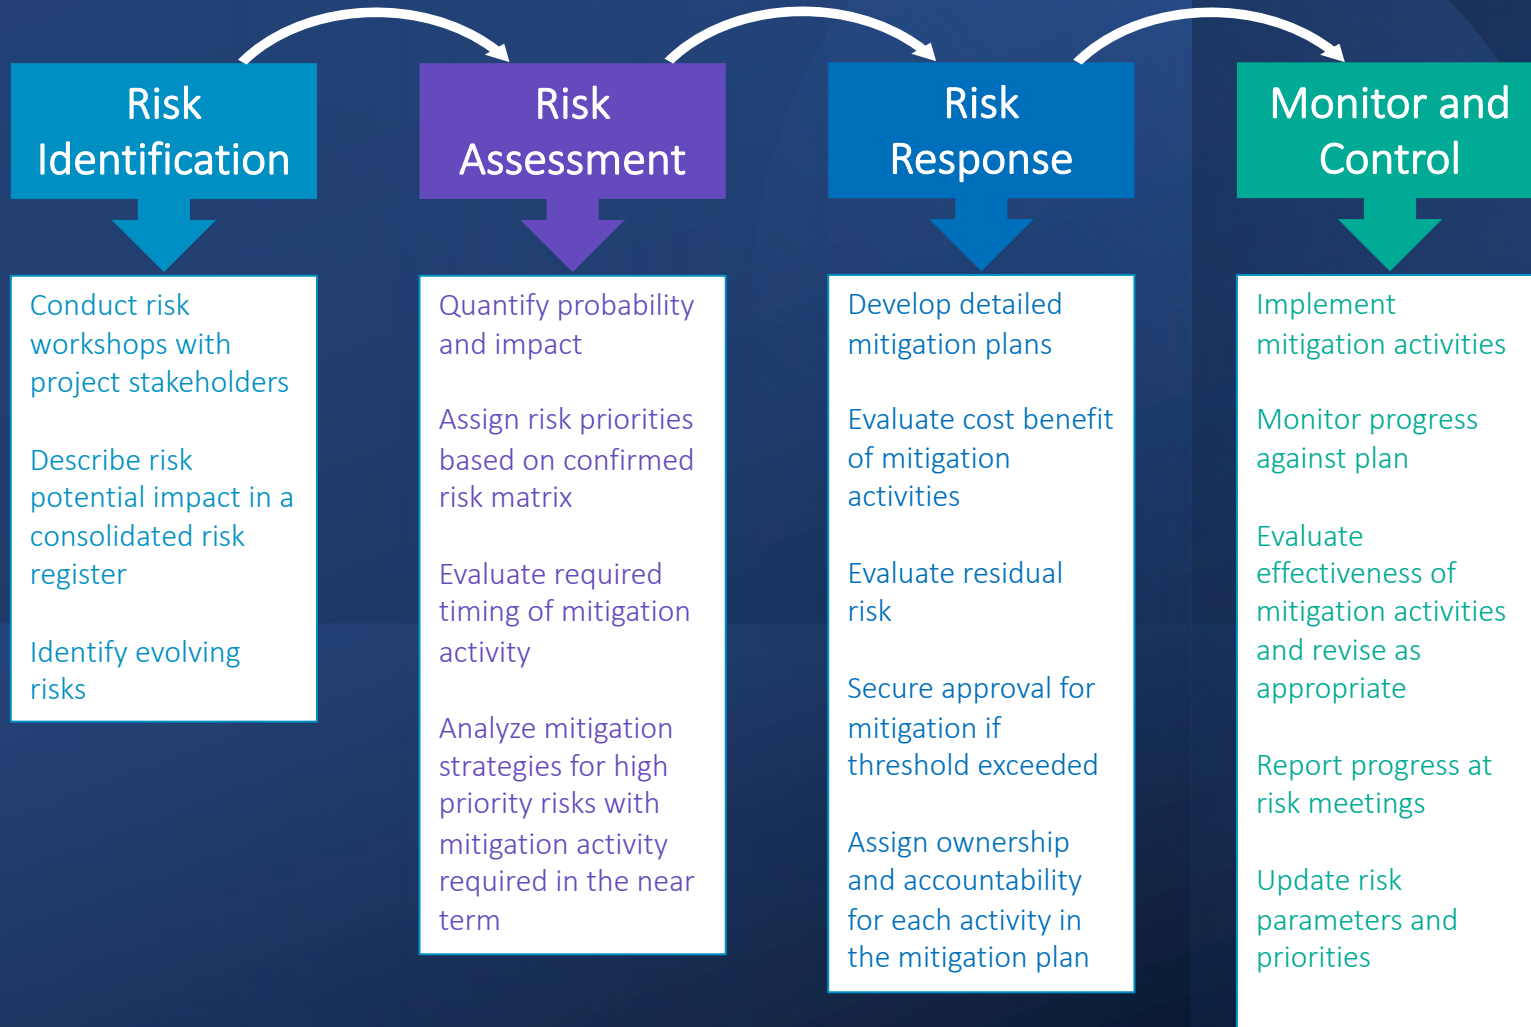

Claim & Dispute Resolution

Claims and disputes arise on even the most carefully planned projects. How they are handled can make the difference between success and failure.

Our claims specialists investigate and analyze the causes and effects of the events that have risen, prepare submissions and present your case.

Their skills and experience are invaluable when analyzing contractual liability and causation and quantifying the effects in pursuing or defending claims.

Risk Management
